- Fitting/Cap: E27
- Colour: Warm White
- Light effect/finish: White
- Dimmable
- Wattage standard bulb: 50 W

Cleaning up breakages and disposal

- Cleaning: Follow the advice for proper clean up*
- Disposal: Follow the instruction for disposal as special waste**

Highlights

Dimming creates atmosphere

Multiple lights in a room let the room appear more vivid as this emphasises different corners and sides. By dimming these lights, you can create atmospheres from cosy to vibrant.

Soft light gentle to your eyes

Fully and evenly illuminated, these light bulbs give a diffused light effect without any dazzle or glare.

Looks like a standard lamp

Identical shape and size, looks just like your standard bulb and has the perfect fit.

Saves up to 78% energy and lasts 10 years

Save up to 78% energy compared to your standard bulb. It pays for itself and lasts 10 times as long. So reduce your energy bill and start saving now, year after year.

* Breaking a lamp is extremely unlikely to have any impact on your health. If a lamp breaks, ventilate the room for 30 minutes and remove the parts, preferably with gloves. Put them in a closed plastic bag and take it to your local waste facilities for recycling. Do not use a vacuum cleaner.
* * Compact fluorescent lamps have to be treated as special waste, they must be taken to your local waste facilities for recycling. The European Lighting Industry has set up an infrastructure, capable of recycling mercury, other metals, glass etc.
